

## Peptiron Pills

**NINTH ARREST IN MURDER CASE.**  
No Tangible Clue in the Death of Newark Priest.

Newark, N. J., March 12.—The efforts of the police have so far been unavailing in getting any tangible clue to the murder of Father Anson, who was shot Wednesday in the rectory of St. Stanislaus's Polish Catholic church, of which he was pastor. Another arrest was made yesterday, making nine men who have been taken into custody on suspicion. The police learned yesterday that for a long time past, the apartment of a woman near the rectory has been the meeting place of a number of Poles after mass on Sundays, and that threats against the priest's life had been overheard at these meetings. The names of the woman and some of the men are known to the police and they are trying to locate the persons.

### CRITICISES CARMACK.

**Exceeded His Rights in Printed Attack, Says Cooper Counsel.**

Nashville, Tenn., March 12.—At the Cooper-Sharp trial for the slaying of former United States Senator Carmack yesterday, General Washington, for the defense, devoted his argument almost wholly to the Carmack editorials and to their effect on the mind of Col. Cooper.

"When he stepped over the bounds," said Gen. Washington, "and began an attack upon a private citizen, he exceeded his rights. We are only trying to show how they aroused Col. Cooper's anger and to explain his mental condition. Gentlemen, I tell you, you will not put the nose around the neck of any man for doing what you would have done under similar circumstances."

### PEACE CONGRESS NEXT MAY.

**The Plans for the Second Meeting in Chicago.**

Chicago, March 12.—Plans for a national peace congress to be held in Chicago May 3-5, have been launched by the Chicago Association of Commerce. This conference will be known as the second national congress, the first having been held in New York in April, 1907. Subjects to be submitted at the third Hague conference, in 1915, the year of the expected opening of the Panama canal, will be considered.

### INVENTOR LUMSDEN CONVICTED.

**Sultry of First Degree Manslaughter in Connection with Broker's Death.**

New York, March 12.—The jury in the case of John C. Lumsden on trial in the supreme court here for killing Harry Suydam, a curb broker, in the latter's office last December, brought in a verdict of manslaughter in the first degree Wednesday night.

### Howard Taken to Prison.

New Bedford, Mass., March 12.—William C. Howard, convicted Wednesday of the murder of his wife, Ida Howard, last September, was taken to the state prison at Charlestown yesterday to enter upon his sentence of life imprisonment. Howard, in charge of J. Arthur Taylor, keeper of the New Bedford jail, left on the 1:37 p. m. train for Boston.

### CURES BRONCHITIS

**Mrs. Hopkins Says Her Life Was Saved—Checked and Gaped For Breath.**

"Some five years ago I was taken with a bad attack of bronchitis. I was affected with a bronchial cough and cold, the cough was generally much more apparent at night, and I would wake up choking and gasping for breath, and there seemed to be a terrible stoppage in my throat and tubes. My throat was tender and irritable, and had an aching sensation, which was especially bad at times. I doctored and used several remedies, but received no permanent relief until I used Hyomei. This remedy is certainly infallible, and it saved my life, and I accord it the credit which it deserves. There is nothing too strong for me to say regarding Hyomei."—Mrs. Ada Hopkins, 8 Cutter avenue, Coldwater, Mich., August 22, 1908.

Red Cross pharmacy sells Hyomei (pronounced High-o-me) and they guarantee it to cure bronchitis, catarrh, asthma, croup, hay fever, coughs and colds, or money back.

The price for a complete outfit is only \$1.00, which includes a bottle of Hyomei and a neat hard rubber inhaler.

## AFTER THE LAND FRAUDS

**Commissioner Ready For Active Prosecution**

### HE IS FULLY FORTIFIED

**By an Appropriation of \$1,000,000—Believes Much Lost Land Will Be Recovered—Large Force of Agents Employed.**

Washington, March 12.—Supported by an appropriation of \$1,000,000 by Congress and with a large force of special field agents, Commissioner Bennett of the general land office is making preparations to prosecute in investigation into charges of wholesale fraudulent acquisition of public lands in the West by corporations and individuals. The proposed investigation is the result of an appeal made to Congress by former Secretary of the Interior Garfield for a million dollar fund with which to recover over \$110,000,000 worth of land alleged to have been fraudulently acquired from the public domain. Officials believe there is reasonable prospect of recovering much of this land. The commissioner will gradually increase the force of special field agents to about 150 men to investigate more than 32,000 cases of alleged land frauds now in hand and to undertake any new cases that may arise.

### CHAIRMANSHIP MONOPOLY.

**Ohio Congressmen Cut Out for First Time in 25 Years.**

Washington, March 12.—For the first time in a quarter of a century, no Ohio congressmen will hold a House chairmanship unless there is a change in the method of selecting committees. There are 62 committees in the House and Ohio has 21 congressmen.

New Jersey, with only seven Republican members, will probably have five chairmanships. In the New Hampshire delegation, 100 per cent. of the delegation have been chairmen for several years and such will doubtless continue to be the case throughout the 61st Congress. Representative Sulloway is chairman of the committee on pensions and Representative Currier head of the committee on patents.

Illinois is considered sure of five chairmanships, mostly of minor importance. Pennsylvania of five, New York of three or four, Kansas of three, Massachusetts of three.

The reason assigned for the unequal geographical distribution of the committee chairmanships is that the practice of retaining a delegation in Congress term after term varies greatly with the different states. Priority is an important factor in the selection of committee chairmanships, and the falling off of some states in this respect is due largely to their failure to re-elect old members.

### INAUGURATION IN DECEMBER.

**This Time Is Proposed by Congressman Crumpacker.**

Washington, March 12.—The presidential election early in October and the inaugural ceremonies early in December, when the weather usually is good, is the proposal that Representative Crumpacker of Indiana will make if March 4 is abandoned for the inauguration. Mr. Crumpacker believes that it is desirable to have an administration begin as soon after an election as possible in order that there may be a quick response to an expression of the public on the policies of government. On the day of the inauguration, Mr. Crumpacker would have a regular session of a new Congress begin.

### INSURGENTS STRONG.

**Watson Says They Have 22 Votes; They Claim 34.**

Washington, March 12.—Former Representative Watson of Indiana, former Republican whip of the House of Representatives, conceded after a call at the White House yesterday morning that the insurgents in the House have twenty-two votes, and that the contest between Speaker Cannon and the insurgent leaders is a warm one. He said, however, that he believed the speaker would win out. Some of the insurgents had changed their mind, he said, since President Taft had made efforts to bring about harmony. The insurgents claim that they have thirty-four votes, while they need only twenty-four to combine with the Democrats for the overthrow of Speaker Cannon and the present rules of the House.

### TAFT'S BUSY DAY.

**President Too Busy with Tariff for Any Visitors.**

Washington, March 12.—There were not as many visitors as usual at the White House yesterday morning for the reason that President Taft was busy with the preparation of his special tariff message, which is to be sent to Congress next week, and he was obliged to postpone the reception of all visitors except those who came on the most urgent business.

### MARINES TO STAY.

**Navy Department Arranging to Put Them Back on Ships.**

Washington, March 12.—It was said at the navy department yesterday that the department has no intention of not living up to the spirit and letter of the law passed by Congress putting the marines back on board ship. The law requires that this be done on July 1, but the department is already engaged in making up the complements for various vessels and new carrying marines.

The department had asked for an opinion from the attorney general as to the constitutionality of the congressional act merely for its own protection in case at some later date the comptroller might raise the point.

## FIRST TO WEAR OUT WITH AGE

**Prescription Is Valued by Elderly People**

### RELIEVES CHRONIC CASES

**Anyone Can Fix It at Home—Harmless and Inexpensive, It Relieves All Forms of Kidney and Bladder Trouble.**

The great majority of men and women at the age of 50 years begin to feel the first signs of advancing age in some form of kidney trouble and bladder weakness. Few are entirely free from that tortuous disease, rheumatism, which is not a disease in itself, but a symptom of deranged function of the kidneys, which have become clogged and sluggish, failing in their duty of sitting and straining the poisonous waste matter, uric acid, etc., from the blood, permitting it to remain and decompose, settling about the joints and muscles, causing intense pain and suffering.

The bladder, however, causes the old folks the most annoyance, especially at night and early morning.

Hundreds of readers who suffer will find the following simple prescription, the ingredients of which can be obtained from any good pharmacy at small cost: Compound Kargon, one ounce; Fluid Extract Dandelion, one-half ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and upon going to bed, also drink plenty of water.

This prescription, though simple, is always effective in the disease and affections of the kidneys and bladder and rheumatism.

### BRYAN GETS OUT TO PUSH.

**Automobile Stuck in Mud While on Way to Waynesburg to Lecture.**

Pittsburg, March 12.—A big limousine in which he had been riding stuck in the mud, William J. Bryan assisted his fellow-passengers in pushing the automobile out of a hole. He was going from California, Pa., to Waynesburg to lecture when the machine stuck. Wading in mud up to his shoe tops, Mr. Bryan lent a shoulder, and with his assistance the automobile was shoved out of the mire to solid earth again. The same performance was repeated several times before the trip was over, and Mr. Bryan had to stop at Waynesburg, Pa., to have his shoes and clothing cleaned before going on to deliver his lecture.

### REPORT SEVERAL DEAD.

**Train Wrecks Cause Disaster at Night in Louisiana.**

New Orleans, March 12.—It is reported here that an Arkansas, Louisiana & Gulf passenger train, bound south from Little Rock, was derailed by train wreckers last night, just after crossing the Louisiana line, and that several persons were killed and others severely injured.

### Moran's Estate.

Boston, March 12.—The estate of the late District Attorney John B. Moran, who died without making a will, amounted to about \$12,000. Judge Jordan, in the probate court yesterday, in issuing letters of administration to his brother, A. D. Moran, fixed the bond at \$15,000, which was furnished. It was understood that \$10,000 of the property was in the form of life insurance.

### King Expected at Pau.

Pau, March 12.—King Edward is expected to come here today from Biarritz to witness an aeroplane flight by Wilbur Wright.

### FOR AGED PEOPLE

**Old Folks Should Be Careful in Their Selection of Regulative Medicine.**

With advanced age comes inactive bowel movement and sluggish liver. There is unable to perform their proper functions and requires assistance. Otherwise, there is constant suffering from constipation and its attendant evils. Old folks should never use physic that is harsh and irritating.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorder. We are so certain that it will cure these complaints and give absolute satisfaction in every particular that we offer them with our personal guarantee that they shall cost the user nothing if they fail to substantiate our claims. This remedy is called Rexall Orderlies.

Recall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the dry, relaxed muscular coat of the bowel. They produce a natural, successive contraction and relaxation of the muscular fibres of the bowel walls, generating a wave-like motion which forces their contents onward and outward, thus stimulating nature in perfect bowel movement. They also remove all irritation, dryness, soreness and weakness. They tone up and strengthen the nerves and muscles and restore the bowels and associate organs to more vigorous and healthy activity. They may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Try Rexall Orderlies on our guarantee. 36 tablets 25c, and 12 tablets 10c. Rickert & Wells, The Red Cross Pharmacy, Miles granite block.

## AT WORK ON MESSAGE

**President Taft Prepares For Opening of Congress**

### THE TARIFF THE ONE ISSUE

**Taft and Leaders in Congress Convinced That Extraordinary Means Will Have to Be Provided for Larger Revenues.**

Washington, March 12.—President Taft began work yesterday on the message which he will send to Congress upon the opening day of the extraordinary session next week. The demands made upon the president's time by visitors during the first week of his administration have been so constant as to leave little time for the transaction of public business. The extra session will be convened next Monday and the message which the president will send to Congress on that day will be received as a state paper of much significance at this time.

It is a foregone conclusion, of course, that the message will be devoted largely to the question of the tariff and means of raising revenues. The president will recommend the enactment of an inheritance tax law, but whether he will express any views as to the form which the legislation should take in order to keep within safe constitutional limits is not known. The probability is that, on this point, the president will confine himself to a discussion of the broad policy of an inheritance tax law, and to the need of raising revenue to meet the growing demands of the government.

Whether there is to be any general legislation at the extra session besides the tariff legislation is still a question, but the impression is growing in some quarters that several measures of more or less importance will be taken up early in the session and disposed of by each branch of Congress while the other is engaged with the tariff bill.

President Taft and the leaders of the Senate and House are absolutely convinced that some extraordinary means will have to be adopted to produce larger revenue. There is a large and growing deficit in the treasury, and there is no prospect that under the present conditions the situation will improve in the near future. It is impossible even that the leaders will be persuaded to impose a tax on coffee, although it is appreciated that such a tax would be unpopular.

Senator Kilgus of West Virginia, who called on President Taft yesterday morning, voiced the general feeling in regard to the necessity of devising additional means of producing a larger revenue to meet the expenses of the government. He said he was not ready to say that a coffee tax would be advisable, but he did think that some kind of special tax would be found necessary.

With the Payne tariff bill practically in readiness to be introduced on the first day of the special session, manufacturers and others who have interests that will be affected by the new measure gather daily at the ways and means committee room in an effort to learn something regarding the new bill.

The proposition that has given the committee the most concern is the plan to tax coffee. It is a Republican here that the taxing of the breakfast table would make it impossible for the Republicans to carry their districts at the next election. The National Coffee and Tea association wrote to the committee that a tax on coffee or tea would be unjust to the consumer, detrimental to trade, irritating to the masses and, finally, will fail to produce any material revenue to the government for nearly two years to come.

### IF PIG IRON TARIFF IS CUT.

**President Croxton Looks For Return of Business Activity.**

Cleveland, March 12.—"With the pig iron tariff cut only 25 per cent. and if only a similar cut is made in billets and rails, the prompt return of business activity is assured."

This statement is made by President D. T. Croxton in reference to the reduction proposed in the new tariff bill prepared by the ways and means committee of the House of Representatives.

"It will take fully two years to allow the Canadian ore properties to be developed to the point that will bring the ore from the northern side of Lake Superior into competition with the ore mined in the United States," and William G. Mather, president of the Cleveland-Ciffs Iron company, in speaking of the removal of the entire duty on iron ore.

These statements represent the opinions of the Cleveland interests in iron and steel lines.

### TO PALE, THIN PEOPLE

**Druggist D. F. Davis Offers to Pay for Samose If It Does Not Make Thin Folks Fat.**

Pale, thin people are simply suffering from want of nourishment. They may eat enough, but this food is not properly digested, and does them no good.

Samose, the remarkable flesh-forming food, should be used by all who are pale, weak and thin. It mingles with the food and aids assimilation, so that when taken for a short time Nature will soon assert her normal powers, and the food that is eaten will give strength and good flesh.

Weigh yourself before you commence the use of Samose, and you will notice a steady gain. Samose is not a cod liver oil or similar nauseating concoction, but a scientific, flesh-forming food that restores the thin and scrawny to their proper weight, and fills the weak and debilitated with vigor and vitality.

The woman who longs for rosy cheeks and the plumpness of beauty should use Samose. The man who wants to be strong and well and gain health and good flesh, will find his desires accomplished by Samose.

Such remarkable results have followed the use of Samose that Druggist D. F. Davis is willing to pay for the treatment if it does not give the desired results.

Save Money.

### DOESN'T LIKE SERVIAN NOTE.

**German Official View of the Situation Expressed.**

Berlin, March 12.—The latest Servian note in which that country sets forth that she does not desire to provoke war with Austria-Hungary, but maintains the question of the annexation of Bosnia and Herzegovina should be regulated by the powers, was delivered at the foreign office here yesterday. The impression created by Servia's renunciation of territorial compensation is regarded officially as a peaceful sign. It is not felt, however, that the situation has been cleared up by this communication. Although Servia gives assurance that she does not wish war with the dual monarchy, the fact remains that her military preparations are being continued and are causing counter preparations on the part of Austria-Hungary which daily are becoming more onerous. Turkey also is beginning to show nervousness in the matter. It is not known here whether Servia will give a direct reply to the Austrian proposal, but it is thought that Austria can demand such an answer and that she need not accept this circular note distributed to the powers.

### CORNICE FELL TO STREET.

**Two Men and Two Horses Hurt in New York in the Gale.**

New York, March 12.—A northwest wind which at times attained a velocity of 54 miles an hour whipped the city yesterday morning, tearing down signs here and there and doing damage of a minor nature in various places.

Two men and two horses were hurt in Eighth street, near Broadway, by a long strip of the cornice which fell from the building at 700 Broadway, at the corner of Eighth street. The street was crowded and to the police it seemed almost miraculous that more persons were not hurt and that no one was killed. Workmen were making repairs. A strip of it 30 yards long was suddenly ripped off. It is made of heavy roofing material and the strip was said to weigh several hundred pounds.

### PAWTUCKET GRAFT CASE UP.

**A Stone Contractor, J. H. Beach, Is Arraigned.**

Pawtucket, R. I., March 12.—All the features of the so-called "Pawtucket graft case" were heard in the district court here yesterday, when James H. Beach, the stone contractor, was arraigned on a charge of obtaining money under false pretenses from the city of Pawtucket. Recently the city council investigating committee said in a report that they had found that Contractor Beach and Peter Casey, who was in charge of the city stone-cutter, had taken from the city by alleged manipulation of the team slips, the sum of \$4,800, which they reported, however, had been paid back to the city by Mr. Beach. Mr. Casey will be arraigned next Monday.

### RECEPTION FOR ROOSEVELTS.

**None But Residents of Oyster Bay to Be Present.**

Oyster Bay, N. Y., March 12.—The citizens of Oyster Bay have arranged to give ex-President Roosevelt and Mrs. Roosevelt a public reception in the town hall this evening from 8:30 to 10:30 p. m.

The guests are restricted to residents of the village.

**Beveridge Undergoes Slight Operation.**

Baltimore, March 12.—United States Senator Albert J. Beveridge of Indiana underwent an operation at Johns Hopkins hospital yesterday. While it was delicate, the operation was said to be not of a serious character and the surgeon expected Mr. Beveridge to be able to get about without any trouble within a few days.

### Anxious For Stolypin.

St. Petersburg, March 12.—Premier Stolypin, who is suffering from an attack of influenza, passed a bad night and his condition today causes considerable anxiety.

### Cause for Alarm.

An elderly patient in the Tennessee mountain region was suffering from a malady the remedy for which the doctor prescribed in the form of capsules. The old woman trusted her medical adviser, but for medicine she evinced much suspicion.

Some time after she had taken the capsules she was asked by her son how she felt.

"Pretty."

"Don't you want nothin' to eat?"

"No."

Soon, however, the old woman arose from her bed and took her seat in a rocking chair. Thinking that the attention would be gratefully received, the son turned her pipe, and taking a live coal from the hearth, carried both to his mother.

"Take that away, son!" yelled the old woman in the utmost fright. "Don't you know better'n to come near me when I've got them cartridges in me?"—Philadelphia Record.

### TO SEE WICKERSHAM.

**Government Lawyers in Oil Cases to Have Conference.**

Washington, March 12.—The officials of the department of justice yesterday again declined to discuss what further action will be taken by the government with respect to the several other criminal cases against the Standard Oil company for accepting rebates, now pending in the courts for the northern district of Illinois. It is understood, however, that Messrs. Wilkerson and Sims, government attorneys in these cases, will come to Washington soon for a conference with Atty. Gen. Wickersham.

"A four-horse rebate team can be driven through the Elkins law, as it stands now after the decision of the United States court of appeals and that of Judge Anderson in the Standard Oil case at Chicago. An attorney who could not protect a client from a charge of rebating, if these decisions are sustained, would not be worthy of his bird," was the opinion expressed by an important law officer of the government in course of a discussion of the Standard Oil company's cases now pending in various parts of the country.

### PILES CURED IN 6 TO 14 DAYS

**PAZO OINTMENT is guaranteed to cure any case of itching, blood, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.**

### Blames Weather For Crime.

Washington, March 12.—Prof. William C. Huediger, head of the department of educational psychology at George Washington university, says the weather is to blame for the unprecedented prevalence of crime during the last week.

It is an established scientific fact, Prof. Huediger says, that the weather can drive one to desperation, and the conditions of the last week have been amply sufficient to account for the deeds of violence.

### A SUGGESTION ON ECZEMA

It is suggested that eczema sufferers ask Druggists Rickert & Wells of this city what reports they are getting from the patients who have used the oil of wintergreen liquid compound, D. D. D. Prescription.

### PARTY STRIKES 76 BELOW ZERO.

**Report of Men Employed in Hudson Bay Enterprise.**

Selkirk, Manitoba, March 12.—W. R. Burnell, J. O'Callahan and B. O. Fryer, members of the Hudson Bay railway survey party, who had reached a point 100 miles north of Fort Churchill, returned here yesterday and reported that they encountered the most intense cold—the thermometer at one time registering 76 degrees below zero.

The remainder of the party have been recalled, and are now on the way south.

### WILLIAMS' KIDNEY PILLS.

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and "saddle"? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you.—at Druggist. Price 50c. Williams' Mfg. Co., Prop., Cleveland, O. Sold by C. H. Kendrick & Co., Barre, Vt.
